To Whom It May Concern:

The Heartland Genetics and Newborn Screening Collaborative (Heartland) expects its Advisory Board members and core Work Group members (Advocate, Clinical Services, EHDI, or Newborn Screening) to meet face-to-face one time a year, traditionally at the Heartland Collaborative Annual Conference. To assist members attending this conference, Heartland budgets to cover expenses (economy flight, mileage or car rental; 2 night's hotel; and meals during the conference).

The 9th Annual Heartland Collaborative Conference will take place October 3-5, 2012 in St Louis, MO

Please don't hesitate to contact Shona Whitehead by phone at (405) 271-8001 x42190 or by email at shona-whitehead@ouhsc.edu with any questions.
